RE: 2010 Annual Report

Dear Mr. Heiss:

Environmental Enterprises, Inc. (EEI) received your December 21, 2011 letter stating that we have not yet submitted our 2010 Annual Report to the USEPA for the hazardous waste exported by our facility in 2010. This report was due by March 1, 2011. The letter requested that we submit our report to you immediately.

EEI actually submitted our 2010 Annual Report to the EPA on February 23, 2011. The report was sent via certified mail and we have the return card with a signature dated February 28, 2011, to show it was received. I have attached a copy of the report we submitted along with the documentation showing receipt of the report by the USEPA.

I also sent an e-mail to Scott Nelson and Laura Coughlan and attached a copy of the report, including electronic versions of the report in Word and the attachments to the report in Excel.

Your letter stated that you have an EXCEL spreadsheet which contains all the elements of the annual report along with instructions. In my e-mail to Scott and Laura I requested that they send me an electronic copy of the spreadsheet and we will use your spreadsheet for future reports. Please let us know if you would prefer that we submit future reports electronically.

Please let us know if you require additional information or have any questions. You may reach me by phone at (513) 541-1823.

Sincerely
Environmental Enterprises, Inc.

Warren G. Taylor
Director of Quality Assurance

Page two

CONSIGNEE

Facility: Custom Environmental Services, LTD.
Address: 7222-9 Street
City: Edmonton, Alberta, Canada T6L1L6

Transporter #1: Midwest Environmental Transport
EPA ID #: OH0000000539

Waste Information and Shipping Information: See Attachment II
Number of loads shipped = 1
Total volume exported = 962 pounds

WASTE MINIMIZATION STATEMENT

Environmental Enterprises, Inc. operates a commercial TSDF at this location. Much of the waste exported was received from offsite generators.

Environmental Enterprises, Inc.'s corporate management is committed to waste minimization and thoroughly investigates all opportunities for recycle, waste toxicity, reduction, and waste minimization as specified in our attached Waste Minimization report.

Changes in volume and toxicity of waste actually received were comparable to previous years.

CERTIFICATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.
